

Occupational Health & Safety Technicians

**NEXT
STEPS**
I D A H O

What Is It?

Collect data on work environments for analysis by occupational health and safety specialists. Implement and conduct evaluation of programs designed to limit chemical, physical, biological, and ergonomic risks to workers.

What Do They Typically Do?

- Evaluating Information to Determine Compliance with Standards
- Communicating with Supervisors, Peers, or Subordinates
- Identifying Objects, Actions, and Events

Annual Income:

- Entry Level: \$41,460
- Typical: \$51,650
- Experienced: \$63,960

Major Employers:

Manufacturing, Transportation and Warehousing, Professional, Scientific, and Technical Services

What do I do next?

Learn about the job culture:

- Schedule at least one informational interview
- Conduct a job shadow, if possible
- Research available volunteer or intern opportunities

Prepare for training:

- Visit and call trade schools or colleges that offer a related program
- Research regional job openings at: idahoworks.gov

Explore all pathways to certification:
