

Radio, Cellular, & Tower Equipment Installers & Repairers

**NEXT
STEPS**
IDAHO

What Is It?

Repair, install, or maintain mobile or stationary radio transmitting, broadcasting, and receiving equipment, and two-way radio communications systems used in cellular telecommunications, mobile broadband, ship-to-shore, aircraft-to-ground communications, and radio equipment in service and emergency vehicles. May test and analyze network coverage.

What Do They Typically Do?

- Making Decisions and Solving Problems
- Identifying Objects, Actions, and Events
- Inspecting Equipment, Structures, or Materials

Annual Income:

- Entry Level: \$39,740
- Typical: \$70,430
- Experienced: \$75,010

Major Employers:

Construction, Information, Government

What do I do next?

Learn about the job culture:

- Schedule at least one informational interview
- Conduct a job shadow, if possible
- Research available volunteer or intern opportunities

Prepare for training:

- Visit and call trade schools or colleges that offer a related program
- Research regional job openings at: idahoworks.gov

Explore all pathways to certification:
