Creating a Professional Online Presence

Quick write: Take five minutes to answer the prompts below. Write as much as you can in five minutes.

List the ways you can practice being safe on the internet:

How would you define "digital citizenship"? If you are unsure, how would you define "citizenship" alone?

Introduction Video As you watch the video, fill in the chart below.

Dr. Mark Ribble's nine elements of digital citizenship can be organized into three sections. Summarize each section as they are presented in the video (BONUS: try to catch the 9 elements that make up these sections).

Respect	Educate	Protect
Summary:	Summary:	Summary:

www.NextSteps.Idaho.gov

ISTE defines the five competencies of a digital citizen as:

1. I engage with others online with respect and empathy
2. I evaluate the accuracy, perspective, and validity of online information
3. I use technology for civic engagement and to be a force for good
4. I prioritize my time and activities online and offline
5. I know how to be safe online and create safe spaces for others

After watching the video: read your original definition for digital citizenship. What is your new definition for the term?

Choose a component: For each of the statements below, decide which of the five components (inclusive, informed, alert, engaged, balanced) of Digital Citizenship is being practiced and at least one reason(s) for why!

Statement	Component	Reason
Facebook Comment: "I respect your opinion. While I disagree with you on the issue, I am glad you shared your perspective. It definitely made me think in a different way."		
Phone Notification: "Time to close Instagram – you've reached your - hour limit for today!"		
Wikipedia: "If they try hard enough, fish will be able to climb trees" – I decided not to use this as a source for my paper.		
Email: "I just saw a notification for a blood drive in the office next week. Let's all participate together and then have a group lunch!"		
Web Notification: "Are you sure you trust this website? This domain would like to send your notifications based on your location!"		

Reflect: on all of your online activity over the last seven days. What are some sites or platforms that make up your digital footprint?

List two strategies for managing your online reputation (mentioned in video).

1. _____

2. _____

List one type of information that is important to keep **PRIVATE** online.

PRIVATE: _____

List one type of information that is okay to make **PUBLIC** online.

PUBLIC: _____
