We are excited to invite you to an upcoming training session designed to enhance your ability to support students in their career and educational journey. Here's what we'll cover:

- Setting Up Accounts in Next Steps Idaho**

Learn how to help your students create and manage their accounts in the Next Steps Idaho platform, a crucial tool for career planning and exploration.

- Completing the Idaho LAUNCH Career Pathway Plan**

Discover how to guide students through the Idaho LAUNCH Career Pathway Plan, ensuring they have a clear and actionable roadmap for their career goals.

- Exploring the Redesigned Scholarship Idaho Application System**

Take a deep dive into the newly updated Scholarship Idaho application system. We'll walk you through the changes and how you can assist students in navigating the application process effectively.

- Creating Your Own Bundle of Activities**

Find out how to create and assign customized activity bundles for students in grades 7-12, tailored to their specific needs and interests.
