### Skip the Placement Test with a Strong Score

Idaho Campus Choice has expanded beyond admissions.

A strong score on your ISAT, ACT or SAT can help you skip a placement exam when you start college.

- Starting with the Class of 2026, Idaho public colleges will use your highest score—from the ACT, SAT or 11th grade ISAT—to place you into college-level English and Math or you can opt to take your college's individual placement exam. Your choice.
- Idaho public colleges automatically receive your ISAT, SAT, and ACT scores when you apply using Apply Idaho.
