

The “U” in Occupation

Having a sense of self and understanding your own personality can be extremely valuable when completing a job search. In this activity, you will be able to identify and apply your individual skills, values, and traits to career paths that interest you. This could help you determine if they will bring you satisfaction in the workplace by matching with your unique personality profile.

Workplace Skills: The core knowledge, behaviors and attitudes a person needs to succeed in the workplace.

Values: Something (such as a principle or quality) intrinsically valuable or desirable.

Personality Type: A cluster of personality traits commonly occurring together.

Introvert: A typically reserved or quiet person who tends to be introspective and enjoys spending time alone.

Extrovert: A typically gregarious and unreserved person who enjoys and seeks out social interaction.

***Definitions sourced from: Biz Fluent, Collins Dictionary, Merriam Webster*

In the space below, brainstorm 3-5 qualities you have that you think an employer would desire.

Consider what you know to be true about your personality at this time in your life. What do you already do/practice/value/implement that makes you employable? You can think of a one specific career, or the professional world as a whole while you complete this.

Workplace Skills

The following are a list of “workplace skills” that could be sought after by an employer.

Rate each workplace skill according to how strong you feel that you are in that area (1 is low and 10 is high – **do not rank any skills the same**).

Provide reasoning for your rankings, be honest when you consider your own personality in these areas (it is unlikely that you are very high or very low in all of them!).

Communication	Why did you assign the Number Score you did?
