

# Getting to Know College and Career Vocabulary

---

*Suggested timeframe of completion: Beginning of School Year- December 20*

## STEP 1

Knowing what your family, counselors, teachers, and upper-classmen are talking about when it comes to college and career is half the battle while looking at your options after high school! Understanding the most common terms and concepts means that you will be comfortable having meaningful conversations about your future with the adults who guide and support you. You'll also have a better idea about what questions you still have, and can follow up with a teacher or counselor to get the answers you need.
